

Aurora

Words and Music by Gary Soloman

**Aurora confide in me
Aurora confide in me
Aurora your so wild and free**

**Your heart beats for the one under the northern lights
Take my hand lead the way, show me where you are**

**Aurora, run away with me
Aurora, run away with me
Run, run away with me**

**Your heart beats for the one, under the northern lights
Take my hand lead the way, show me where you are
Gave all you had only to crash and burn
Black is the night, when your heart beats slow**
